### **Brief Commentary.**

First a BIG thank you to Geoff Eamons & Tim for the excellent condition of the show field, and also to those at Taiygarth who have moved their horses off the showground for the few days prior to show day. The heavy rain on Friday night caused the first vehicle & trailer to get stuck at the entrance but help arrived within 10 minutes of a phone call and two sources of straw arrived simultaneously. Lightning flashed and thunder roared but the predicted storms kept away from "our little piece of heaven on earth" and the show progressed with the usual friendly rivalry with well chosen judges encouraging and competitors helping each other throughout the day. The little army of volunteers just get on their tasks and their reward is to see the smiling faces when the rosettes are awarded.

Thank you to all those who helped create a lovely atmosphere this year which was best demonstrated in the mounted games when ponies and hats were loaned to allow others to enjoy being a part of the show. See you all next year. Trevor Bates.
